Dear Denise and Bob,

I wanted to confirm that it will be all right to bury a time capsule next to Dad & Cindy's ashes. We had talked about it in a phone call about life insurance back in August.

Cindy and Dad took great pride & joy in working around the property and the house. So the time capsule will consist of 450 photos and 450 slides of their time at 222 Kerrs Corner Rd., from the time they 1st got married & bought the property in 1986--before there was even any groundwork or building--into the 2000s. The images are principally of them, the exterior and interior of the house, the property, their beautiful flower and vegetable gardens, their dogs, and miscellany.

All the print images fit into a 13" x 8" X 4" box with space to spare, so the capsule will be smaller than that. I will be scanning the images this winter and labelling them. A thumb drive with a digital copy of the time capsule contents will be included in the capsule. And a digital copy on a thumb drive will be provided to your family.

This is the best way I could think of to honor and remember them.

So I hope to have the capsule ready to send to you by the spring.

Please let me know if this is still OK.

Hope this email finds both you and your family well.

Best,

Randy

Great.

I've attached 3 files I will include in the capsule. 1) is a memorial I wrote of Dad including Cindy. Any comments or corrections are welcome. 2) An Ancestry.com family tree page about Cindy; I don't know who posted it. 3) The last 2 attachments are of a now defunct Blair Academy web page about the Cindy Lackovic scholarship.

So from the time he was a child 'till his passing the members of Dad's family changed. In the last stage of his life you and Denise were the principal members of his family. If you and Denise are so inclined please consider writing something up about Dad and/or Cindy, maybe some kind of memorial, info sheet, or stories about each of them to include in the capsule >> maybe you get snowed in this winter and will have a free moment.

Thanks.

Best,

Randy
